

## **Rules for Tidewater Camera Club (TCC) Exhibitions**

### 1. Exhibit Information and Requirements

Members in good standing are invited to participate in all club-sponsored exhibits. TCC places no general restrictions on prints to be hung in TCC-sponsored exhibits. Any requirements or restrictions specific to a particular exhibit will be spelled out in an Exhibit Information Sheet which can be found on the TCC website. Such requirements may include theme, number of prints, print and frame size, frame color, mat color(s), print medium (paper, canvas, metal, etc.), hanging hardware, and so on. Member prints must meet all requirements detailed in the Exhibit Information Sheet in order to be hung.

### 2. Print Registration

All TCC exhibits require preregistration. The Exhibit Form can be found in the “members only” section of the TCC website. The completed form should be submitted to the club via the [exhibits@tidewatercameraclub.org](mailto:exhibits@tidewatercameraclub.org) e-mail address.

### 3. Labels

All entries will include a label, attached to the back of the frame or attached to the hanging wire, listing the member’s name, contact information, print title and price (or marked “not for sale”).

### 4. Any print submitted to and exhibited in any TCC-sponsored exhibit during the current club year may be entered in the Print of the Year (POTY) competition, provided the image was not previously submitted for a print or digital POTY competition.
